GoMage Feed Pro Extension v.2.0.

Installation/Deactivation Guide

Compatibility:
Community Edition: 1.3+ 1.4+, 1.5.0.x
Professional Edition: 1.10.0.x
Enterprise Edition: 1.9, 1.10.0.x

Installation Guide

Step 1. Check Permissions.
Make sure the "app", "js", "media" and "skin" directories of your Magento and all directories inside it have full written permissions or set permissions on the each directory equal to 777 or 0777.

Important! Change all permissions back after installation.

Read more about permissions at
http://www.magentocommerce.com/wiki/magento_filesystem_permissions

Step 2. Disable Compilation.
Log into Magento **Admin Panel** and go to **System → Tools → Compilation** and disable the compilation.
After step 5 you can run the compilation process again.

Step 3. Upload Files.
Upload all folders from the extension package to the installation directory of your Magento software using an FTP client.

Step 4. Clear cache.
Go to **System → Cache Management**.
Clear the store cache.

Step 5. Re-login.
Log out and log back into **Magento Admin Panel**.

Step 6. Use Extension.
Go to **System → Configuration**.
In the left column you will see the new tab – **GOMAGE**.

At this point you must activate the extension.

Activation

Step 1. Copy an activation key.
Copy the activation key from the Order letter.
OR
Log in into your account at http://gomage.com website using the e-mail and password that you provided at checkout process.
Go to Downloadable Options and copy the activation key for the GoMage Feed Pro extension.

Step 2. Activate an extension.
Log into Magento **Admin Panel** and go to **System → Configuration → GOMAGE / Activation** and enter the activation key in the "Activation Key" field for the GoMage Feed Pro extension then click the "Save Config" button.

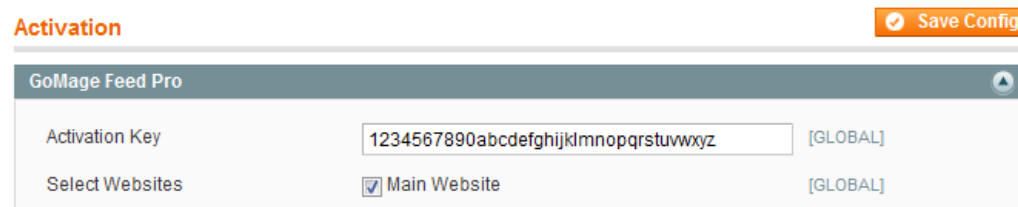

Step 3. Clear cache.
Go to **System → Cache Management**.
Clear the store cache.

Step 4. Select Websites.
When you enter and save the key it will be verified on our server and you can select the websites where you need to use the GoMage Feed Pro extension.
Click the "Save Config" button after making your selections.

You are now ready to use the Gomage Feed Pro extension.

Please read the User Manual before using the extension for optimal performance.

Deactivation Guide

Step 1. Disable Extension.
Log into Magento **Admin Panel** and go to **System → Configuration** menu → **Advanced** tab.
Find the GoMage_Feed option and deactivate the extension. Click "Save Config" button.
The extension is now deactivated.

Step 2. Clear cache.
Go to System → Cache Management.
Clear the store cache.
